Website | 9500616399

EDUCATION

KLN COLLEGE OF ENGINEERING (ING)

B.TECH IN INFORMATION TECHNOLOGY

Madurai, TamilNadu
Cum. GPA: 8.46

ANNAI VELANKANNI MATRIC HSC

Sivaganga | PERCENTAGE: 81.1

ANNAI VELANKANNI MATRIC SSC

Sivaganga | PERCENTAGE: 82

COURSEWORK

GRADUATE

Introduction to Back-End Development
Programming for Everybody (Getting Started with Python)
Introduction to Front-End Development

SKILLS

PROGRAMMING

C
Python
Java

TOOL / FRAMEWORK

Django Framework
GitHub
VS Code
Postman

ACHIEVEMENTS

Participated in the Smart India Hackathon, developing a prototype for Transfomo Docs focused on document management. Attended National Level Symposiums at Kamaraj College of Engineering, Vaigai College, and secured prize, gaining exposure to the latest IT trends.

EXPERIENCE

VISIONARY TECHNOLOGIES | TRAINING

OCT 2024 – Still | Madurai, TN

- Learning of basic PHP for Server side Scripting and implementing account recovery module like forget password.

PROJECT

BLOG WEBSITE

- Built a blog platform using Django, HTML, CSS, and Bootstrap with user authentication.
- Enabled users to create posts, comment, and interact dynamically.

TODO APP

- Developed a task management app with user login, task creation, editing, and deletion..
- Used Django for backend logic and Bootstrap for responsive UI.

TRANSFOMO DOCS APPLICATION – SMART INDIA HACKATHON

- Contributed to a document management prototype for efficient data processing.
- Focused on data structuring and automation in the hackathon project.

ECOMMERCE

- Designed an online shopping platform with product browsing, cart, and checkout features.
- Integrated Django's session management for cart storage.

CHATTING APP

- Created a real-time messaging app using Django.
- Implemented user authentication and private chat rooms.

PROBLEM SOLVING

LEETCODE | COMPETITIVE PROGRAMMING

LeetCode Profile

- Solved 100+ problems, focusing on Data Structures and Algorithms (DSA).
- Improved problem-solving skills in Python and Java through optimized solutions.
